Personal Beltpack Amplifier

The latest design Chiayo iTalk, personal beltpack amplifier, is designed for voice amplification. The iTalk effectively reduces vocal stress and strain - a real factor for people whose daily lives involve public communication and speaking. Several microphone types are available and iTalk is totally hands-free leaving you to effectively communicate without yelling. The iTalk is specifically designed for school teachers, tour guides, instructors, corporate trainers, presentation professionals, public speakers and sports coaches – in fact it is the ultimate portable public address system for smaller gathering! This unique amplifier is contoured to fit on the waistline, weighted only 650g (without batteries) and can operate for up to 8-10 hours (vocal) continuously on a single charge (4 AA size rechargeable batteries).

Applications

- School and Kinder Teachers

- Tour Guides
- Training Instructors

- Close Field Sports Coaches
- Public Speakers
