THE NEW X SERIES

X LITE

X PRO

X SUB

The X-SERIES has been renewed with a full redesign of all the electronics. We have increased the power handling and added important features such as a 3-channel mixer and the use of BLUETOOTH 5.0 for streaming audio from smartphones and tablets. In addition to the extra functionality of the speakers we have improved audio performance.
The renewed X series is now capable of generating an even higher SPL.

We also now feature a 3-channel mixer with two microphone / line inputs, a stereo input and a channel for wireless music streaming with BLUETOOTH 5.0 protocol (backwards compatible with previous version of Bluetooth) which allows the simultaneous pairing of two speakers with the ability to control the volume remotely.
The new X-SERIES features intelligent and automatic control of the built-in cooling fan which makes it possible to maintain low operating WHPSHUDWXUHV RI WKH DPSOL HU HQVXULQJ VLOHQFH DQG HI F
