

Configuration:

LA-132 Remote Antenna Kit (150 MHz)

Product Overview:

With monopole and dipole antenna options included, the LA-132 remote antenna kit provides you with a single solution for all remote antenna needs. Included mounting hardware allows the antenna to be mounted on walls, electrical boxes, horizontal surfaces (flat and inverse), or even inside walls and ceilings. The full kit is complete with the required components to configure several different versions of the antenna, and 7.6m (25 ft.) of coaxial cable are included to allow for ideal placement and easy set up.

Highlights:

- Monopole and dipole antenna options included
- Complete kit features all necessary mounting hardware for a wide range of mounting options
- 7.6 m (25 ft.) of coaxial cable included for installation nearly anywhere

Includes:

- One (1) Grounding base
- One (1) Mounting bracket
- One (1) Wall/electrical box mounting plate
- One (1) Shorting plate
- One (1) Antenna module
- One (1) 7.6 m (25 ft.) coaxial cable (terminated with BNC connectors on both ends)
- Two (2) Telescoping antennae (150 MHz)
- Two (2) Flexible antennae (150 MHz)
- Two (2) Hex kep nuts
- Two (2) Fiber washer
- Four (4) Machine screw (#8-32×3/4")
- Four (4) Machine screw (#6-32×3/4")
- Four (4) Tapping screw (#8-1/2")
- Four (4) Dry anchors

Product Specification: Remote Antenna Kit (150 MHz)	
Interconnections	
Connectors	BNC
RF	
Frequency Range	150.800 MHz - 152.350 MHz
Number of Channels	32 (6 wide band, 26 narrow band)
Antenna Type	Monopole and Dipole
Unity Gain	0 dB
Physical	
Shipping Weight	5.0 lbs. (2.27 kg)
Mounting	Wall mount, dual and single electrical box, ceiling electrical box, horizontal surface mount (such as on top of a rack), ceiling/inverse mounting, flexible mounting in-wall or in ceiling and mast or conduit mount.

Product Specification: Remote Antenna Kit (150 MHz)	
Mounting	Includes self-tapping sheet metal screws, drywall anchors, and all hardware required to mount to electrical boxes. Does not provide hardware required to mount to a mast (available at most hardware stores).
Mounting	Bracket Dimensions: 4.5 in x 7.0 in x 2.5 in, (11cm x 18cm x 6.4cm), W x D x H Plate Dimensions: 4.48 in x 4.55 in, (11.4cm x 11.6cm)
Dipole Vertical Length	38.50 in. (97.8 cm)
Weight	4.4 lbs. (2.0 kg)
