

PICOBLU

The Australian Monitor PICOBLU is a small form factor 30W Mixer Amplifier specifically designed for small space applications such as cafes, restaurants, small retail and classrooms.

The PICOBLU features 3 mixer channels with microphone, line level, Bluetooth® and 3.5mm input jack options.

The 30W integrated power amplifier operates in 4Ω and 100V outputs allowing flexible speaker configurations.

Capable of standalone, rack or under desk mounting, using optional kits, the PICOBLU can fit any application space with ease.
