

# CCS 1000 D Digital Discussion System

Compact yet versatile

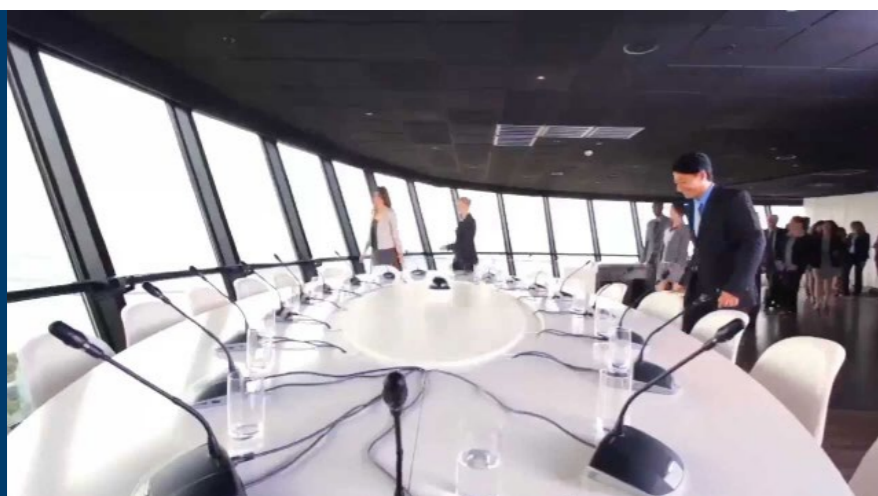

**BOSCH**

Invented for life

## Designed for **plug-and-play**, **ease-of-use**, and **highly productive meetings**

- ▶ Excellent speech intelligibility with built-in Digital Acoustic Feedback Suppression
- ▶ Built-in audio recording on internal memory and/or USB memory stick
- ▶ Advanced configuration and control via built-in web browser
- ▶ On-board support for automatic HD camera control
- ▶ Energy save mode for automatic switch off after two hours of inactivity

Ideal for small to medium meeting areas such as town halls, local business centers and courtrooms.

### Easy to use

- ▶ No operator required
- ▶ No additional equipment
- ▶ No training necessary
- ▶ Ideal for first-time users

Chairpersons enjoy effortless meeting control.

Participants enjoy free-flowing, highly productive meetings.

## Discussion Devices

Eye-catching aesthetics to complement any interior - from new, ultra-modern buildings to traditional, centuries-old structures.

Excellent speech intelligibility thanks to advanced digital audio processing and superior microphone and loudspeaker performance.

Loudspeaker and microphone are activated simultaneously for more natural face-to-face meeting feel. This encourages participants to contribute to the meeting.

The device can be interchangeably used as a chairperson or participant by just changing the buttons.

**Discussion Devices datasheet**

# Control Unit

Front panel provides all necessary controls for setting up a meeting: number of open microphones, microphone mode, system volume.

Can record up to 4,000 hours of discussion on a single USB stick and/or eight hours on internal memory. So minutes do not need to be made manually.

Download the **Control Unit datasheet**

Language independent touch button control.

Built-in Digital Acoustic Feedback Suppression.

On-board support for automatic camera control.

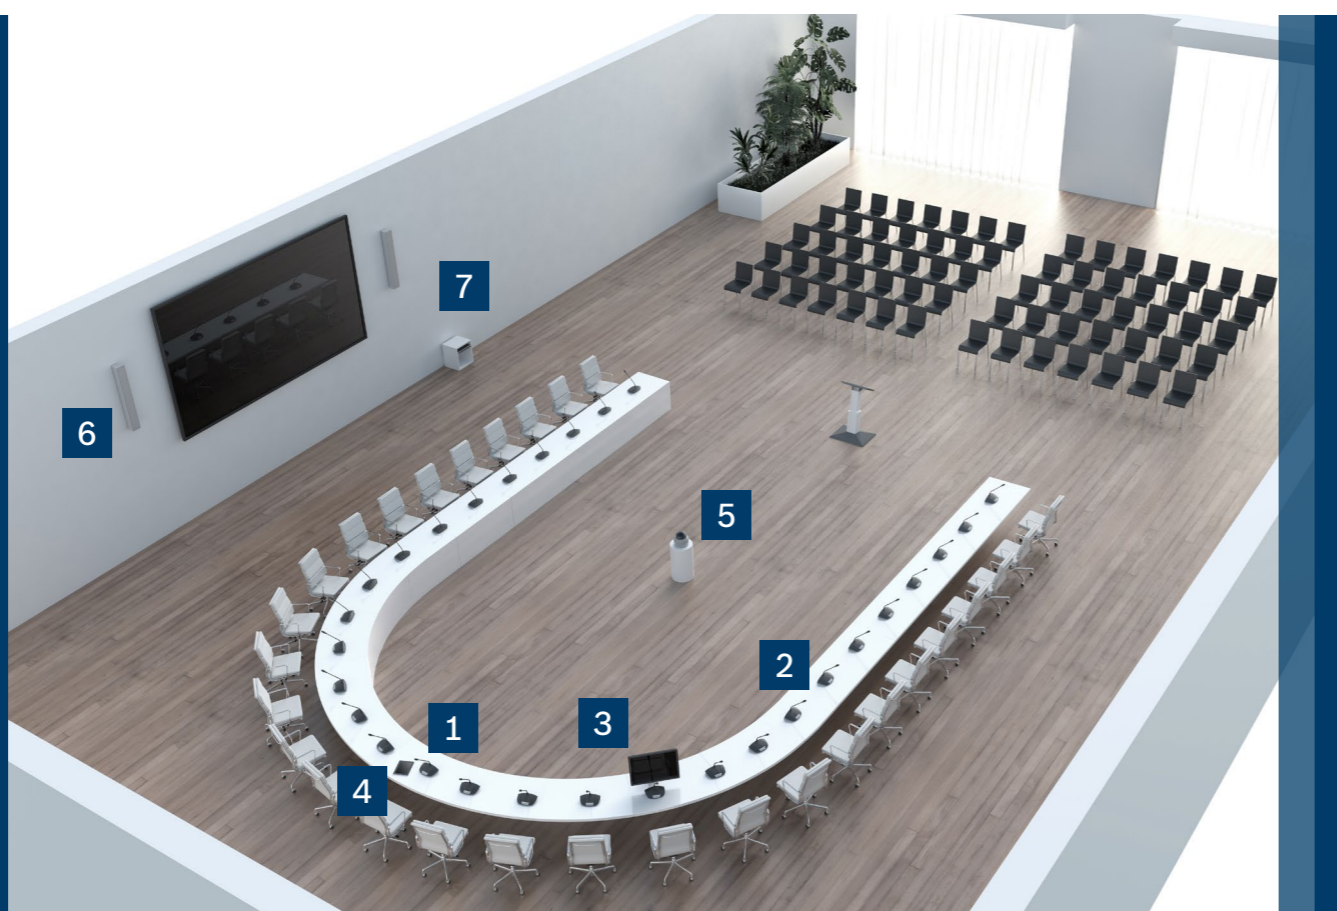

Built-in web browser for advanced set-up and meeting control via a tablet.

Built-in recording facility for internal and external recording

Advanced configuration and meeting control is possible via a tablet and the system's built-in web browser.

1. Chairman Device
2. Delegate Device
3. Monitor
4. Tablet
5. HD Conference Dome
6. XLA 3200 Line Array Loudspeakers
7. Control Unit

## Highly productive meetings

Chairperson allows individual delegates to speak or several delegates to take the microphone simultaneously.

With a laptop or tablet, the chairperson can move participants from waiting list to speaker list.

Live video of active speakers can be shown on a big screen so everyone knows who is speaking.

Audio of the whole meeting can be recorded with the built-in MP3 recorder, so no manual minutes are necessary.

## For now and in the future

### Easy to expand

- ▶ Additional Discussion Devices plugged in without system reset
- ▶ Up to six HD cameras with automatic control
- ▶ Easy integration with Integrus Language Distribution System
- ▶ Public address
- ▶ Tele- and videoconference

### Ideal for courtrooms

Four individual audio channels for recording individual speakers in a courtroom.

**A&E specs**

A unique 'energy saving mode' automatically switches the system off after two hours of inactivity. This saves energy and prolongs system lifetime.

## Plug-and-play

- ▶ No training needed
- ▶ No additional equipment required
- ▶ On-board support for automatic HD camera control
- ▶ Entire system unpacked, plugged-in, and set up in minutes
- ▶ Dealers and rental companies can quickly move on to next customer

Watch the  
**how to movie**

Discussion Devices are directly plugged into the control unit via a 'daisy chain' cable connection.

# Successful meetings assured

For many years to come, every meeting will be fluent, decisive, and ultra business-like.

## Unique efficiency-enhancing features

- ▶ Digital Acoustic Feedback Suppression
- ▶ 'Possible-To-Speak' indication
- ▶ Internal and external recording
- ▶ Simultaneous loudspeaker and microphone for more natural meeting feel

## Bosch: renowned for reliability

- ▶ Superior materials and components
- ▶ Extensive quality assurance
- ▶ More than 60 years of leadership
- ▶ Users always enjoy highly productive meetings
- ▶ Dealers benefit from fewer call-back costs

## The all-in-one discussion system
